

## IT Manager

### Mycardium AI

The Spine Building, 2 Paddington Village, Liverpool, L7 3FA

Mycardium AI is a company founded in April 2022, as a spin out of University College London. Our aim is to transform how medical imaging is delivered in healthcare using “super-human” AI. Focusing on Cardiac Magnetic Resonance Imaging (MRI). Initially, our ambition is to deliver this AI to point-of-care in over 2,000 global centres.

Our mission is to improve healthcare system performance, patient outcomes by delivering better diagnoses, and help create next generation treatments by analysing Cardiac MRI images, using Artificial Intelligence Algorithms capable of performing automation of heart measurement to a super-human standard.

We are committed to excellence, innovation, and creating a positive and inclusive work environment. Mycardium is an equal opportunity employer; we celebrate diversity and are committed to creating an all-inclusive environment for all employees.
